

SOCIAL SECURITY

Source of Data

Statistics on Central Provident Fund (CPF) members are compiled by the Central Provident Fund Board.

Both the employer and the employee make monthly contributions to the CPF. The employer is liable to pay the total CPF contribution, and is entitled to recover the employee's contribution from the employee's wages.

Definitions and Notes

An **active CPF member** refers to a person who has at least one contribution paid for him for the current or any of the preceding three months.

All CPF members have three accounts with the CPF Board – the Ordinary, Medisave and Special Accounts. Savings in the Ordinary Account can be used to buy a home, pay for CPF insurance (such as Dependants' Protection Scheme and Home Protection Scheme), investment and education. Medisave savings can be used for hospitalisation expenses, approved medical insurance and certain outpatient treatments while savings in the Special Account are reserved for old age and investment in retirement-related financial products.
