TOP 3 Job Vacancies in 2023

PMETs

- 1 Software, Web & Multimedia Developer**
Employers were willing to offer higher pay due to strong demand for these workers
- 2 Teaching & Training Professional**
- 3 Commercial & Marketing Sales Executive**

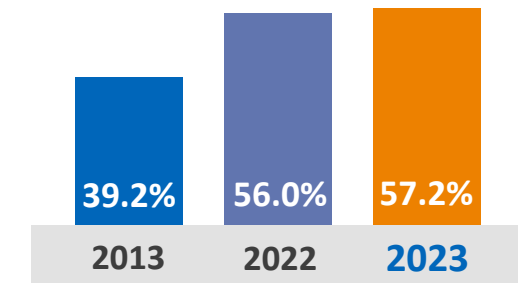

Non-PMETs

- 1 Waiter**
- 2 Cleaner**
- 3 Shop Sales Assistant**

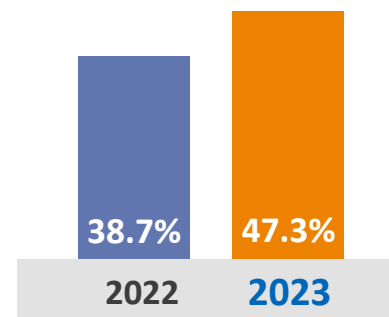

The proportion of PMET vacancies continued to rise in 2023

There was a higher demand for skilled workers, in sectors such as:

The proportion of newly created positions rose to the highest since the series started in 2018

Majority of these newly created positions arose due to business expansion into existing and new functions, reflecting the evolving nature of our economy and the accompanying changes in manpower demand.

Compared to 2022, a smaller proportion of jobs were left vacant for six months or longer
