

# Top 3 Job Vacancies in 2025

Teaching professionals and software developers remain the top Professionals, Managers, Executives and Technicians (PMET) jobs. Among non-PMET jobs, more construction workers are required to meet increased manpower demand for an uptick in construction activity, such as enhancements to transportation networks.

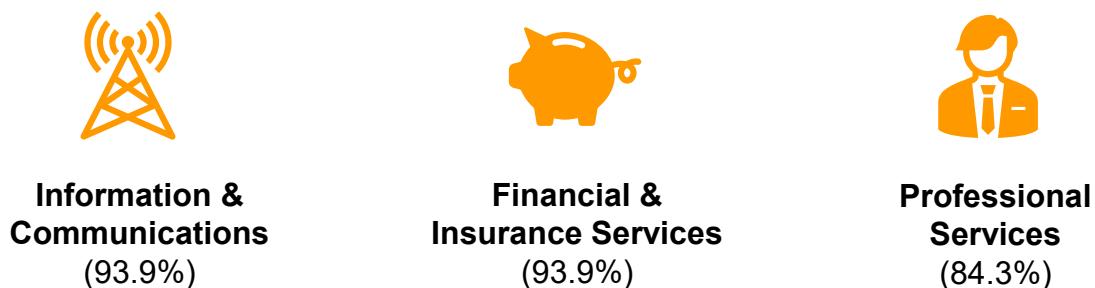

Source: Job Vacancy Survey, Manpower Research & Statistics Department, MOM.

The proportion of PMET vacancies remained high compared to a decade ago.

PMET demand was keener within growth sectors, such as:

Note: The data in parentheses refer to the proportion of PMET vacancies out of total vacancies within the sector.

# Job Vacancies by Industry (2025)

Similar to 2024, waiters, shop sales assistants, construction labourers, security officers and drivers remain in the list of top vacancies for non-PMET jobs.

For PMET jobs, auditors, financial/investment advisers, software developers, data scientists and nurses remain in demand.

Strategic planning and business development managers remain in the list of top jobs for managers and degree holders.
