

# Wage Practices in 2021

## Total wage growth rebounded in 2021, comparable to 2019

This rebound reflects the tight labour market amidst a year of economic recovery and broad-based growth across industries

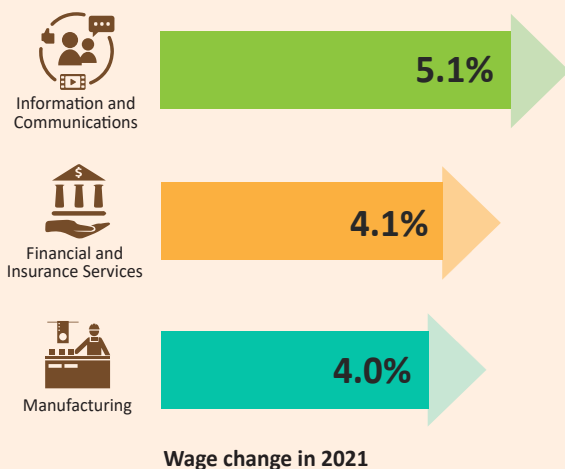

## 3 in 4 employers were profitable in 2021, alongside an expanding economy

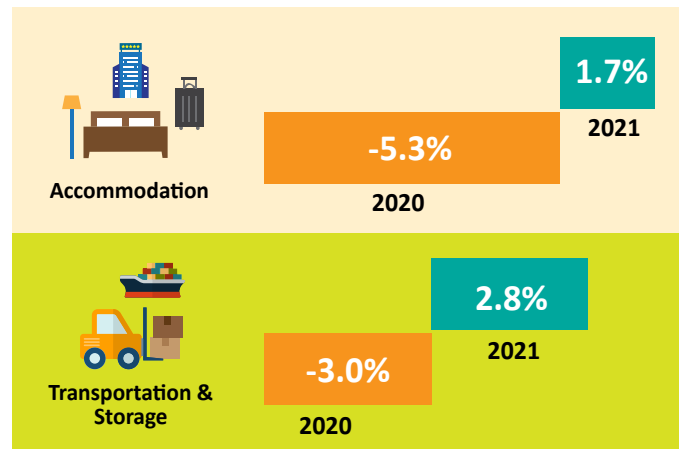

## 7 in 10 employees enjoyed higher wages

## All sectors experienced higher wage growth compared to 2020

## Sectors greatly affected by COVID-19 also saw wage increases in 2021
