

EMPLOYMENT SITUATION 2014

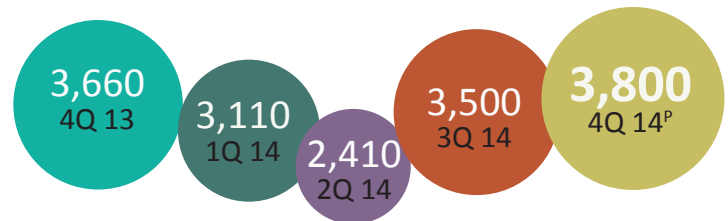

Unemployment for citizens and residents declined

Note: Figures are seasonally adjusted

● Citizen ● Resident ● Overall

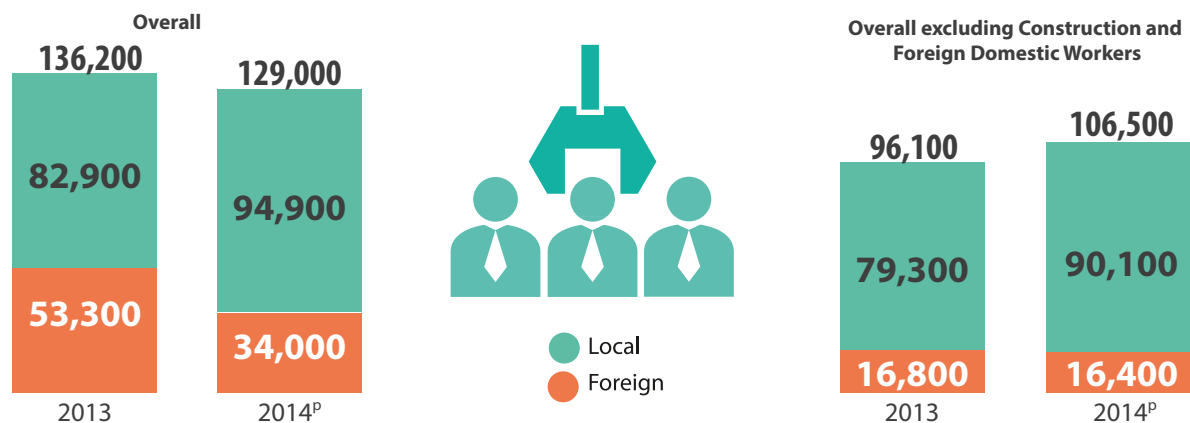

Redundancies rose slightly, amidst business restructuring

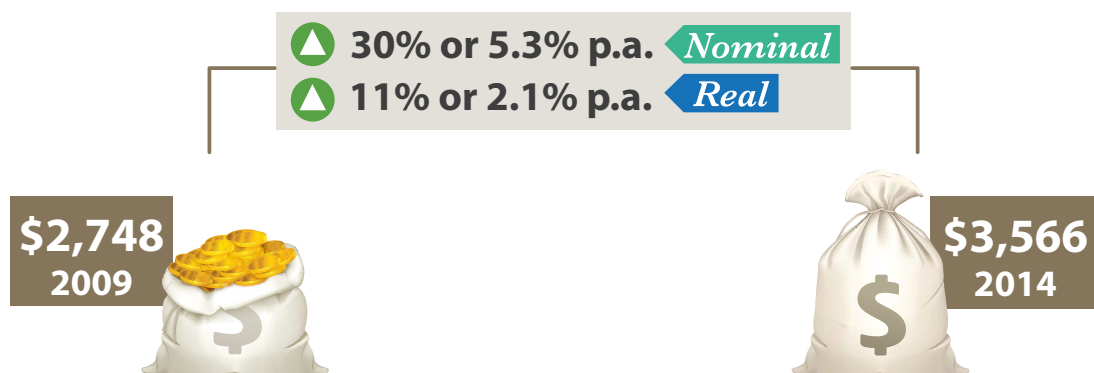

Note: Data pertain to private establishments each with at least 25 employees and the public sector.

More locals were employed, as foreign employment growth slowed

Annual Employment Change By Residential Status

Sustained increase in median income of Singaporeans over last five years

Note: Figures pertain to median gross monthly income from work (including employer CPF) of full-time employed citizens (June)

^P: Preliminary
